Working to build a world that’s free of harassment and filled with humanity. Every day, we train hundreds of people to respond to, intervene in, and heal from harassment.

We are a global team of educators, motivators, and facilitators listening, guiding, and cheering you on. The world we want isn’t some far-off destination. It’s something we create and recreate, bit by bit, every day. It’s imperfect, courageous, beautiful work. It’s us. Here. Now.

Right To Be
Eastside For All Coalition Against Hate & Bias

Community-led initiative to address hate and bias incidents by strengthening and networking communities who experience racist and bigoted treatment and all forms of oppression.
BUILD FOR BELONGING

Authentic Community Engagement, Co-Creation, and Anti-Displacement Efforts
Welcoming America created this cookbook as a tool for meaningful connection across differences. It pairs recipes from diverse cultures with activities that connect people around a shared table and get them working together on a common goal. It also includes models on intergroup contact theory, which have been tested in several regions of the U.S. by diverse peoples. The cookbook concludes with more promising community building models.
